September 19, 2016

Dear Parents,

We here at the Pines Community Center hope that you all had a great summer and have had a great start to the school year. We have been busy working with the state of New Hampshire on our licensing process and making necessary changes to the facility to meet their requirements. These changes include sprucing up the building and cleaning after the summer program, and fundraising for new security additions we plan to make to the building.

Our summer program finished with over 90 children participating and we had a great summer full of adventure, crafts, swimming, and outside playtime. We have started our fall sports season and want to take the time to thank the coaches - Jen Hart, Kim Welch, Jason Philippy, Jack Hatfield, Eric Adams, Kayley Beers, David Nelson, Melanie McDonald, Scott Haskins, and Brad Prunier - who have volunteered to help run these great programs that teach children the fundamentals of the sport as well as offer a positive environment to increase their level of physical activity. Our ACB and BCB programs are at capacity and we have a waiting list. We understand the importance of a quality program and are working within our licensing requirements and budget to look at expanding the programs to accommodate more children. We will contact those on the waiting list if we are able to make this happen.

Coming soon you will see our winter sports sign ups. Coaches are always needed for these programs, so please let us know if you are interested so we can start the process of a Federal background check prior to the start of the season.

We have held some very successful fund-raisers thanks to the support of our membership and the community. As a result, we are ready for the first step in the installation process of security cameras; however, we are waiting on the financial logistics to release the money. We are hoping that this will take place in the very near future, so that the installation process may begin. Remember that we always welcome parents and community members to come and tour the facility, see our programs, and ask questions.

Thank you,

The Pines Community Center Staff & Board of Directors
